ONLINE TEACHER EVALUATION FORM
(STUDENT FEEDBACK) ANALYSIS REPORT
(For Academic Year 2022-23)

In the academic year 2022-23 Online Teacher Evaluation (Student Feedback) was taken from the students of all departments through Google forms during the period of **14th May 2023 to 31st May 2023**. The google form link for a particular department was shared by the HOD in both Major and General student social networking groups of the department for the purpose. Feedback was collected on uniform parameters for both regular and guest faculty members.

The parameters on which students have given feedback on their teachers are-

1. Ability of the teacher to get the attention of the class
2. Clear and systematically done presentation of the subject matter
3. Arousal of students' interest and encouragement given to them for participation in discussion during class
4. Writing on Board, Figures/Diagrams (Visual aids)
5. Use of ICT tools (PowerPoint, Smart TVs etc.) for effective teaching
6. Use of information of current events, recent discoveries and views related to the topic in teaching
7. Maintenance of Proper pace of teaching
8. Regularity and punctuality in conduct of classes
9. Answering Questions raised by students
10. Guidance given outside the classroom
11. Efforts regarding online teaching

For giving feedback students had to evaluate a particular teacher with respect to each of the above parameters on a 5 point scale where 1 = Unsatisfactory, 2=Fair, 3=Satisfactory, 4=Very Good, and 5=Excellent. **During the analysis of the feedback every case where more than 25% of the total respondents have given "1= Unsatisfactory" as feedback for a particular faculty member against a particular parameter has been pointed out.**

**Department-wise Teacher Evaluation (Student Feedback) Analysis and
Parameters where improvement is required as per feedback**

DR. SHANKARI DAS (ASSISTANT PROFESSOR)	-
DR. ARCHANA DANDAPATH (ASSISTANT PROFESSOR)	-
DR. PRANAB KUMAR DAS (ASSISTANT PROFESSOR- CONTRACTUAL)	-

Brief report:

To summarize it maybe said that the number of responses received is very less for many departments which emphasize the need of rethinking the way the link of the survey to be made available to students in future. It may be further said that there is urgent need of proper use of the current ICT facilities the institution is having and augmentation of the same as this parameter came out to be a weakness for many faculty members.

IQAC Recommendations:

➤ Specific recommendations:

In all the cases, where a particular faculty member (department wise) got adverse comments according to the feedback analysis criteria, IQAC recommends **one to one consultation regarding the same with regular teachers by the Principal**. As for guest teachers the matter may be brought to the notice of concerned HOD by Principal.

➤ General Recommendations

On the basis of overall feedback responses IQAC recommended for

- Proper monitoring of use of ICT facilities in the campus and augmentation of the same
